For President HORACE GREELEY. For Vice-President-R. GRATZ BROWN. For Governor-JOHN C. BROWN, For Congress-LANDON C. HAYNES. Por Senutor-H. CLAY KING

J. M. CREWS. PRYTON J. SMITH. For Representative-HUGH D. GREER. A. B. HAYNES. JAMES M. HARRIS. B. R. GAMMON. JOHN OVERTON. JOSEPH BARBIERE.

For Photes-J. W. ELDRIDGE.

thenean laurels, however transcendent his abilities, if noisy and a time-consumer, is specifly voted an intolerable bore, and from that day forth no member will vote for any proposition however sensible, emanating from such an egregious blunderer. Short, hard, crisp sentences, that pierce down through fiesh and bones to the marrow of a practical proposition, are the only speeches that have listeners at Nashville and Washington. More and more practical becomes the age we live in. Sunset Cox, with all his state in letters, graceful manners and smooth, clear tones of utterance, can hardly hold the galleries spellbound when he addresses the House. His builliant conceptions and tasteful, eloquent description of a "sunset" gave and Brown platform, and is likely and as Greeley and Brown platform, and is find it full of falsehood. It represents not the find it full of falsehood. It represents not it is undersible that the leading numbers to be least bad. It is undersible that the leading numbers in the find it full of falsehood. It represents not it is undersible that the leading numbers and to far any proposition however sensible, emanating from such an egregious blunderer. Short, hard, crisp sentences, that pierce down through fiesh and bones to the marrow of a practical proposition, are the only speeches that have listeners at Nashville and Washington.

More and more practical becomes the age we live in. Sunset Cox, with all his statement should be clearly and the country to give proposition, and will do honor to our people in the balls of the national legislature. He halls of the president were concious that it could not stand, and the wind and believed at the discussion are of this Administration are not indicate and anti-leading numbers and to the sent indicate and those liberties of the States and those liberties of the States and those liberties of the president's agreed the strong number of the summan of the summan of the proposition, but a settled hostility to those rights of the organic law was made to secur stump erators do, or ought to do, and ready to catch any incident to adorn a Served, in the hight of his enthusiasm, that the northern sky was aglow with auroral light. Pausing a moment, and then lifting his head to the proper elevation, and throwing up his arms to an angle of forty-five degrees, with the palms of his head to the proper elevation, and throwing up his arms to an angle of forty-five degrees, with the palms of his head, he exclaimed, in tones of which ated: "My fellow-citizens, behold! honors of victory and spoils of office. God, in order to set the seal of his approval upon this great meeting and ics. An American andience is never West Virginia. wanting in a quick appreciation of a thing of this sort. How this burst was IF, as Greeley said, "the carpethagger the speaker is now known in those be Barbour Lewis! parts, and will go down in history-if distory should happen to have anything to do with him-as Mr. H. T. Aurora Borealis Chittenden. The inquiry remains whether we have not an aurora

A FEARFUL COMMERCIAL CALAMITY

plishing hereulean tasks than they who undertook the construction of the Membeing distributed from Crawley's Ridge, and the whole will be completed within ninety days. Loam, sand and gravel addition of a handful of cotton seed soon constitute a solid compact mass, each hill and then working as impervious to water and the trackway thought should be, succeeded in gaile good condition, and it is hoped that the enormous riches of Arkansas will not be diverted from this city because of the non-completion of the work now progressing rapidly. The loss to this city in the diversion of trade to St. Louis, even during the next six months, would be incalculably great. There is at this hour a large force employed in remedying defects along the road, and within ten days, as we are informed that the diversion of the road, and within ten days, as we are informed that the diversion of the second that the enormous riches of Arkansas will not showed by the grass or shedding its along the flower of the grass or shedding its along the property from a long period of inlegovernment, and perhaps the total destruction of our free institutions. I am, with great respect, was flagrant he provoked the extreme tage of his associates by exerting himself for a peace which would have left all the people in possession of their contest he was the advocate of regular and legal as well as honest government, and perhaps the total destruction of our free distributions. I am, with great respect, was flagrant he provoked the extreme tage of his associates by exerting himself for a peace which would have left all the people in possession of their contest he was the advocate of regular and legal as well as honest government.

DIABOLICAL.

SHASH-UP OF FRUITS AND POTATOES.
Fruit crop very poor. The applies are hour a large force employed in remedyheaverage.

In the average of the country is a season of the country in the days, as we are informed, trains and the peaches, which for all parts of the country is the step secured by the company, by which cars are to be transported from this to the Arkanass shore. The inclined trackway is finished on both sides of the view. An expenditure of fifty thousand dollars have been used in perfecting the trackway to the St. Francis river. The about the step of the use of a quarter, slipped the dollars have been used in perfecting the trackway to the St. Francis river. The state of the country and the grade and the state of the country and the grade and the state of the country and the grade and the state of the country is the state of the country. As a state of the country is the state of the country in the state of the country of thinking particles, the state of the country is the state of the country. It have good antificity for saying that he could make the state of the country. It have good antificity for saying that he could make good antificity for saying that the country of the feel it have good antificity for saying that the country of the feel it have good antificity for saying that the country of the feel it and the plant of the country of the feel it and the plant of the country is subject to the form the feel of the country is subject to the form the feel of the country is s

MEMPHIS APPEAL tion of the Democratic party, but Andrew Johnson is not infallible. He was FRIDAY MORNING, : AUG. 16, 1872. almost persunded, it was said, in 1866, to share in the action of Raymond's Letter to the Editor of the Balti-Philadelphia Peace Convention, which contemplated the very ends now proposed to be accomplished by the Cincinnati and Baltimore assemblages. Publie opinion was not then prepared for the revolution, but stendily advancing changes have been wrought, and the reached conclusions even they accepted by the first intellects of the country, There are certain great landmarks and governing political principles, in regard to which honest patriots are everywhere agreed. In reference to these, Greeley is a Democrat, and Democrats coneur with Greeley. Republicans and Democrats thus consistently may co-operate, and he is simply the vic-

tim of his affection for a party who be-ORATORS AND NEWSPAPERS, AND lieves that Democrary could triumph During the coming campaign we will doubtless have many curious speeches made. The old race of practiced stump-speakers is nearly extinct, and we certainly have fewer such orators, silenced as they have been by the universality of newspaper circulation. Newspapers and telegraphs convey the orator to each household's fireside, and quiet, industrious people have abjured the hustings, one people have abjured the hustings.

comparatively valueless. In legislative assemblies mere oratory is at fearful discount. The juvenile member from the rural or metropolitan district entering a legislature in this age of iron and gold, with the purpose of winning Demosthere and believed him capable of any criminate there are laurels, however transcendent the purpose of winning Demosthere and believed him capable of any criminate and political situation. The political situation the victorious party with the purpose of winning Demosthere and believed him capable of any criminate and biling the capable of any criminate and believed him capable of a

borealis orator or two humming around Swinging Around the Circle-Crops and Worms-Politics and Politicians

No men are more capable of accom-Tipton County, August 12, 1872.-1 have "swung around the circle" of West phis and Little Rock road. But they Tennessee in the last ten days, and take did not measure accurately difficulties this opportunity of letting you know to be encountered. The first great task what I know about farming. Our great accomplished was the elevation of the champion of farming—and the next President of the United States—of Chapreadbed above high water mark across the low lards, forty miles. This required vast sums of money, and now that the work is done, the process of ballasting progresses rapidly, the gravel ballasting progresses rapidly, the gravel to-do and practical farmer of Dyer cou from Memphis to the St. Francis, when ing and measuring one hundred and six bushels of eorn to the acre, wherea-Mr. Larkin has executed his ballasting twenty to forty bushels is a large aver contract, will be the smoothest and most substantial in the United States. Except five miles, the track is already in good condition, and it is hoped that the same way. Every well-worked field to the grass of acres which, on account of bad working, is either being the same way.

Greenlaw is impotent to prevent it, the United States Government seizes the iron designed for the completion of the Vaughn. Tennessee needs just such a track ways to the completion of the Vaughn. Tennessee needs just such a track ways to the completion of the varieties of the completion of the value of United States Government seizes the incidence dissipated for the completion of the company forms in the inclined trackways to the water's edge. There is a disputed account between the government and the company, involving about fifteen thousand dollars, and in this consists the source of incalculation and Main streets. All of Mr. Greenlaw would have given us, within thirty days, across the low lands, the best highway in the United States. This science of railroad iron is fatal, we are told, and there is no present remedy for this public and private calamity. It may be proper for us to say that the APPRAL is not indebted to Mr. Greenlaw for facts above recited. They come to us through channels accessible to the mobile, on this additional publicity.

Have go for such a man as W. W. Vaughn. Telinessee needs just such a His past History would a washington as the lawy and nights without water, and was not allowed to speak a word. Such was liberty in soil to such the facture. I am the future. I am the future of the such when his record gives the right to don't he facture in the company friends in the National Law of the National Law of the Mr. Greenlaw or fact above resident and vice-President, but to all the proper for us to say that the APPRAL is not indebted to Mr. Greenlaw for facts above recited. They come to us through channels accessible to the make and the say in the case was well worth an effort, and nobly succeeded.

Salve in the company to the fact the fact and the company of the Mr. Greenlaw for facts above recited. They come to us through channels accessible to the make and the say in the case will not be civil authority, use neither force and in the reign of what he is likely to be in the future. I am the future of the water and what he is likely to be in the future. I think I have found on the fact in the future. I think I have found to tare nothing for his "and the company to the future of the water of the futur
